Purpose of this Guidance Note

There will be occasions when NHSScotland bodies are required to confirm the extent of cover available to them under CNORIS. This guidance note sets out certain of the covers from which the listed Members gain benefit, and can be provided to external organisations as Members see fit. This guidance is effective from 01 April 2010 until 31 March 2011 inclusive.

Introduction

In our capacity as CNORIS Manager, we can confirm that with effect from 01 April 2010, the NHS bodies listed herein are admitted Members of CNORIS, which has been created by authority of the Scottish Ministers.

CNORIS is subject to scheme rules and governed by the National Health Service (Clinical Negligence and Other Risks Indemnity Scheme) (Scotland) Regulations 2000.

Cover

General

CNORIS provides indemnity to Member organisations in relation to Employer's Liability, Public / Product Liability and Professional Indemnity type risks (inter alia) no less wide than that generally available within the commercial insurance market. The Scheme will provide "Indemnity to Principal" where required. CNORIS also provides cover in relation to Clinical Negligence.

Work Experience and Student Placements

CNORIS provides indemnity to Member organisations in relation to their legal liability associated with work experience recruits of whatever age acting on behalf of the Member organisation. CNORIS will similarly provide indemnity to member organisations in relation to their legal liability associated with students working with the Member organisation on placement from an educational establishment.

Volunteers

CNORIS provides indemnity in relation to legal liability of Member organisations associated with volunteers of whatever age acting directly on behalf of the Member organisation. For the avoidance of doubt, no cover is provided in relation to voluntary organisations.
